

Know Your Rights

Canadians are very fortunate to live in a country with individual rights and freedoms. As a Canadian citizen, you are protected by the fundamental freedoms and democratic, mobility, equality, legal, and language rights guaranteed under the Canadian Charter of Rights and Freedoms. You also have a responsibility to understand the Canadian Charter of Rights and Freedoms and to respect the rights and freedoms of others. To better understand the Charter, you will create a visual illustrating one of its sections (or subsections). Identify in writing the specific section (or subsection) of your choice, and use your creativity to draw examples of how you and Canadians in general should respect it. While planning your visual, be sure to conduct research on the section (or subsection) you have chosen so you can provide a detailed and accurate drawing. You should also familiarize yourself with any pictures associated with your section so you can draw images that relate to and enhance the quality of the information you include. Design a visual with text, colours, and drawings that demonstrate your knowledge.
